

NOTRE DAME ACADEMY
A SISTERS OF UNION-CHRÉTIENNE DE SAINT CHAUMOND SCHOOL

NDA Middle School iPad 2 Case Requirements

Dear Middle School Parents & Students,

We are excited to embark on our second year of the Middle School's one to one iPad program.

Similarly to last year, students receiving iPads in the Middle School are responsible for selecting and purchasing an appropriate case to protect their assigned iPad by **Thursday, September 4th, 2014**. While these iPads are property of Notre Dame Academy and do carry AppleCare insurance, students are responsible for ensuring that their devices are protected from scratches, dents, and any damage that might result from being dropped.

Each Middle School student is **required** to provide a CASE (for the iPad 2) and a CLEAR SCREEN PROTECTOR for their designated iPad in our efforts to keep them safe and protected. Below are the criteria for purchasing a case for your child's iPad:

- Color: Cases can be light blue, royal blue, navy blue, black, or grey. Only solid colored cases are permitted in the aforementioned colors.
- 
- Protection around all 4 corners (covering the corners and protecting them full). Cases that snap on the back of the iPad do NOT provide full coverage.
 - Cases must have a cover that folds over and protects the front & back of the iPad simultaneously.
 - Cases must have a kickstand or lean capability so that the iPad can sit on a student's desk and be viewed upright in a hands-free manner.
 - Case protectors that have a cling screen protector are permissible, but heavy adhesive-based screen protectors are not allowed as they leave a residue.

****Throughout the year, if your student's case becomes damaged, vandalized with graffiti, or is otherwise unsuitable for use with the Middle School iPad, then a replacement case will be required at the discretion of a teacher or Administration.****

If you wish to purchase your child a keyboard to use with their iPad then you may, although this is not required by any means.

Here are a few options for reliable cases that are tried and true; please note these are just options, not requirements.
